

## Coalition Surge Test Exercise Performance Measures

1. Record time in minutes it takes to:
  - a. Confirm appropriate beds at receiving facilities for patients being evacuated  
\_\_\_\_\_
  - b. Coordinate and confirm transportation for all patients being evacuated  
\_\_\_\_\_

Time in minutes for first and last patient to be transported

First: \_\_\_\_\_

Last: \_\_\_\_\_

Total # of Patients Evacuated and Placed \_\_\_\_\_

2. Record total number of patients matched to a confirmed, appropriate mode of transportation to their receiving facility at the end of the exercise.
