COVID-19 and Youth Sports: Returning to Play after Infection

With the end of spring break and a busy spring season for youth sports, general practitioners and Urgent Cares should expect to see an increased number of student-athletes seeking clearance for return to play following COVID-19 infection. For these student-athletes, please follow the [American Academy of Pediatrics Interim Guidance on Return to Sports](#). Refer to the following section: *Evaluation for Resumption of Physical Activity/Sport Activity for Child/Adolescent with COVID-19*.
