

SAN LUIS OBISPO BEAVER BRIGADE
Watershed Stewards and Beaver Advocates
www.slobeaverbrigade.com

Hello!

We are the SLO Beaver Brigade, a local non-profit dedicated to educating our county about the importance of beavers to our watersheds.

By building natural dams that catch water and sediment, beavers restore our rivers and creeks. Their dams create deep ponds that recharge groundwater, offer fire protection, and provide habitat for wildlife.

If you are interested in learning more about beavers from some of the country's leading experts, we would love to have you join us for one or both parts of our fundraiser! We would also appreciate it if you took a moment to forward this flier along to any friends, coworkers, or club members you think would be interested.

Thank you, and we hope to see you at Castoro Cellars on February 3rd at 6:30pm for good music, hors d'oeuvres and wine, and a really good cause!

Warm wishes,

The SLO Beaver Brigade Team
