# CES Master List: Housing Referral Flowchart

**START**

VI-SPDAT was completed by Case Manager in HMIS

**STEP 1**

The HMIS System houses the Masterlist (ML) for households in need of housing .

**STEP 2**

The CES Case Managers look at the ML during monthly meetings.

**STEP 3**

While the CES Case Managers review households for eligibility, a list of available housing is shared and the group discusses and decides on the best course of action.

Is the household eligible for the housing opportunity?

**YES**

**OUTCOME 1**

Household will be enrolled into the housing project, and exit them from the CES project.

FINISH

**NO**

**OUTCOME 2**

Household will remain on the ML for possible future available housing. Case managers discuss alternatives.

Household will continue to be worked with by case managers to assist with additional opportunities.
