Department Name: Public Health - Environmental Health
Fund Center: 160-02

| Footnote # | Footnote Narrative |
|------------|---|
| 1 | An hourly rate is added for those that require more than the projected average number of staff hours. A minimum of 2 hours may be charged for plan check consultations and plan reviews for prepackaged incidental retail food sales or other incidental plan reviews that typically involve one field visit. It is also used when conducting CEQA related reviews for well construction permitting. The hourly rate can be added for mobile food commissaries and those facilities that require more than the projected average number of staff hours. |
| 2 | Move towards Board of Supervisors policy of full cost recovery. |
| 3 | Veterans with an honorable discharge operating a business in the incorporated and unincorporated areas of the county and subject to these fees will receive an exemption from health permits as authorized by the Business and Professions Code, Sections 16000 et seq. |
| 4 | Non-profit organizations with proof of non-profit status will receive an exemption from these Environmental Health Fees, for up to four events per year. |
| 5 | Non-profit organized camps are exempted from the fees in this program. |
| 6 | In addition to the County approved fee, an additional State surcharge is applicable and is subject to change after this publication. |
| 7 | A fee reduction equivalent to 1/2 hour of the BOS authorized hourly rate shall be applied when CUPA facilities are subject to two or more programs. |
| 8 | This fee will be charged at 1.5 times the hourly rate when work is performed during overtime conditions. |
| 9 | In addition to unscheduled reinspections, the hourly rate will be applied to facility/site inspections or other services where there is not an applicable health permit (i.e.: biosolids, unpermitted housing complaint site inspections, California Assembly Bill 1276 {2021-2022 session} enforcement, etc.). Planning and Building and/or Sheriff may collect the fee on behalf of Environmental Health Services for joint inspections/investigations or other unpermitted activities. |
| 10 | The CUPA may authorize a CalARP facility risk management plan audit in compliance with CCR, Title 19, Division 2, Chapter 4.5, Section 2775.2 and CUPA Policy P-04 to be conducted by the County's consultant. The fee is charged to the CalARP facility and passed through to the consultant. |
| 11 | Environmental Health may authorize a consultant to review and oversee site remediation/clean up projects. Review and oversight consists of but is not limited to review site work and safety plans, oversee customer field work to verify compliance with site health and safety plans, review phase 1 and phase II site investigation reports and provide verbal and written reports to Environmental Health regarding additional work needed, provide draft recommendations regarding site closure and/or required mitigation. Actual cost of consultant is charged to the customer and passed through to the consultant. |
| 12 | In the case of a new business required to pay an annual fee pursuant to resolution of the Board of Supervisors, annual fees shall be prorated on a Quarterly basis for the remaining part of the year, however no fee shall be prorated to an amount less than the BOS approved hourly rate. |

|------------|--|
| 13 | This fee will be charged for consultant services such as technical geology review for the well program. Actual consultant costs incurred by Environmental Health Services are charged to the permit applicant. |
| 14 | Consistent with the action taken by the Board of Supervisors on August 27, 2013, the Health Officer, by and through her environmental health officers or duly authorized representatives, is delegated the authority to waive well construction permit fees in connection with the replacement of a domestic well that has gone dry if she finds that all of the following conditions have been met: (1) the well owner submits a letter of explanation documenting the failure of the current domestic well to provide adequate water (dry well) (such letter could include a statement from a licensed and bonded well drilling contractor verifying the well failure, the well completion report or driller's log for the dry well, the original permit issued by the Health Officer for the dry well and receipts for hauled water to the subject property); (2) the well owner verifies that the dry well was drawing groundwater from an area that has been certified as Level of Severity III as part of the County's Resource Management System by locating said dry well accurately on a map and by providing the Assessor's Parcel Number, section/township/range, street address and GPS coordinates of the location of the dry well/property; and (3) a licensed and bonded well drilling contractor submits a well construction permit for a new domestic well to replace the dry well. |
