Attn: Wade Horton

Dear Mr. Horton,

As a resident of the town of Cambria, CA,
I just wanted to express my opinion on
the redistricting maps that the county is
looking at.

I believe the county should leave the
redistricting maps as they currently are.

I don't believe that incorporating district
2 into the Pismo Robles area would be
beneficial to the people of Cambria.

I believe that the coastal towns of
San Simeon, Cambria, Morro Bay, and Los Osos
have many things in common, where as the
town of Pismo Robles has little in common

with us. I don't think the coastal
town^{of Cambria} should be divided up in any
way.

Thank you for your time.

Amy Taron
