### PESTICIDE CONTAINER DISPOSAL

In order for metal, plastic and glass containers which have held any liquid pesticides to be accepted at disposal sites, they must be certified by the San Luis Obispo County Agricultural Commissioner's office prior to delivery to the approved disposal site by the person in possession. A copy of the certificate is to be given to the landfill operator. When requesting a Pesticide Container Disposal Certificate, or for additional information, contact the San Luis Obispo County Agricultural Commissioner's office.

## Disposal sites approved for pesticide containers in San Luis Obispo County:

Chicago Grade Landfill – Homestead Road, Atascadero Cold Canyon Landfill – Edna Road, San Luis Obispo Paso Robles, City of – Hwy. 46, Paso Robles

## Requirements for certification

#### Containers must be:

- Accessible for inspection
- Completely drained
- Uncrushed at the time of inspection
- Punctured or shredded to prevent reuse (per 22 CCR 66262.70)

## Person in possession must:

- Provide a count of containers
- Certify that the containers have been rinsed in accordance with 3 CCR 6684

## **CCR 6684**

The rinse and drain procedure for each emptied container which has less than 28 gallons of liquid pesticide shall be as follows:

1. Use the following amount of water or other designated spray carrier for each rinse.

Size of ContainerAmount of Rinse WaterLess than 5 gallons1/4 container volume5 gallons or more1/5 container volume

- 2. Place required minimum amount of rinse medium in the container, replace closure securely and agitate.
- 3. Drain rinse solution from container into tank mix. Allow container to drain 30 seconds after normal emptying.
- 4. Repeat 2 and 3 above a minimum of two times so as to provide a total of three rinses, <u>or</u> a jet rinse equivalent to the triple rinse procedure may be used.

Note: This rinse procedure is considered inadequate for containers larger than 28 gallons and we are unable to certify them at this time.

## **Other Packaging**

Follow disposal directions on pesticide label.
