Additionally, I have served on a district school board for six years and the North Coast Advisory Council for four years.	I supervised a staff of 75 to 100 IRS employees, including 7 managers, responsible for auditing tax returns and collecting delinquent taxes. I balanced the IRS' goals with the public's rights, ensuring that the interests of all were protected. I used interest-based negotiations and

Education and Qualifications: Eight years ago, I wrote in this space the following:	Educación y Competencia: Hace ocho años, escribí en este espacio lo siguiente:
"I am first and foremost a husband, father, and grandfather. All else pales, but is important: 15 year resident of Cambria; property owner, including rentals, children who were educated in Cambria (a granddaughter who hopefully will be); a local attorney for over 21 years (Civil and Criminal practice). I do lack one significant thing: an agenda. I will do what I think is best for Cambrians. I appreciate your help."	"Primero y principal, soy un esposo, padre de familia, y abuelo. Todo lo demás es secundario, pero es importante: residente de Cambria desde hace 15 años; propietario de casa; incluyendo unidades de alquiler, niños educados en Cambria (una nieta con la esperanza de que también lo sea); abogado local por más de 21 años (práctica Civil y Penal). Carezco de una cosa: una agenda. Haré lo que pienso es mejor para los habitantes de Cambria. Le agradezco su ayuda."
Eight years later, my granddaughter is being educated in Cambria. My roots in Cambria have grown deeper. My guiding light has always been, and will continue to be, to treat Cambrians as though they were my extended family. To make the right decisions, without any allegiances to interest groups, is not always popular, but children do not always appreciate the guidance, discipline, and education provided by their parents. The future is bright, but we continue to need to be cautious, deliberate, and watch our purse strings. I am proud to have helped in successfully addressing Cambria's major issues from water to infrastructure to limitation of Cambria's Urban Reserve Line. I will be honored to continue with our work.	Ocho años más tarde, mi nieta está siendo educada en Cambria. Mis raíces en Cambria se han profundizado. La luz que me guía siempre fue, y seguirá siendo, tratar a los habitantes de Cambria como si fueran mis familiares. Tomar las decisiones correctas, sin ninguna alianza con grupos de interés, no siempre es popular, pero los niños no siempre agradecen la guía, la disciplina, y la educación proporcionada por sus padres. El futuro es brillante, pero necesitamos seguir siendo cuidadosos, conscientes, y vigilar nuestro presupuesto. Estoy orgulloso de haber ayudado a tratar exitosamente los principales asuntos de Cambria desde el suministro de agua y la infraestructura hasta el límite de la Línea de Reserva Urbana de Cambria. Será un honor continuar con nuestro trabajo.
