

County of San Luis Obispo Public Health Department Public Health Emergency Preparedness Program (PHEPAC) Meeting January 4, 2018

In attendance: James Beebe, Kerry Boyle, George Brown, Peggy Callison, Reanna Clayton, Brandi Colombo, Claire Grantham, Megan Harrington, Robin Hendry, Joe Hoeflich, Karen Jones, Emma Lauriston, Daniel Mata, Elizabeth Merson, Vince Pierucci, Eric Ruelas, Jeannette Tosh For corrections/comments: email Megan Harrington: mharrington@co.slo.ca.us

Call to Order	Meeting began at 10:30 with a welcome from Elizabeth Merson and introductions.		
TOPIC	DISCUSSION		
PROGRAM REPORTS			
BEHAVIORAL HEALTH	No Report		
OFFICE OF EMERGENCY SERVICES	No Report		
James Beebe Laboratory / Communicable Disease	 Influenza infections—transmission is widespread in the county, state and probably most of the United States. No fatalities to report this season (Oct 1, 2017 start) Impact affecting all medical community providers; hospitals, practices, urgent care, 6 outbreaks in LTCs Personnel among medical and public health are also affected. Thanks to med community partners especially Dignity and Tenet hospitals for provision of specimens for lab surveillance—we like to test till transmission crests, but Dr. Borenstein will make the call. Typical Influenza Season – 25% of specimens submitted (ILI patients) are positive. This Influenza season - 80% are positive – PH lab has been very busy and back logged with 95 specimens yesterday alone. This surge has been useful for lab to locate a capacity bottleneck; lab can use only one of three thermocyclers for the CDC-developed influenza PCR assay. Testing is done with a plastic tray with 96 wells, but because of the high positivity rate it's most efficient to do the full subtyping with 9 patients on a tray that take 2 hours per test; which limit capacity to only 36 test cases a day. Of the Influenza patients that have tested positives 85% are type A and 15% are type B. 97% of the type A are H3N2—rest 2009 A H1N1; of the B two thirds are subtype Yamagata, one third subtype Victoria Vaccine effectiveness studies take months to years to complete and report. Rapid tests are performing well—the lab has detected only a few misses based on reports of rapid tests from hospitals 		
ROUNDTABLE INFLUENZA IMPACTS	• Tenet: Critical staffing issues. Census is at 84%. Several patients waiting in the ER, with no rooms available for hospital admission. The hospital is doing its best to separating influenza Type A and Type B patients. Administration is working to obtain program flexes from CDPH. Emergency Room wait times are over 900		

Public Health Emergency Preparedness Program Advisory Committee PHEPAC Minutes 01/04/2018

	minutes at Twin Cities. Sierra Vista has opened the old ICU Unit. Using HICS 254&259. Census is at 90% their normal average is 60%. • Dignity Health: Critical staffing shortages, staff calling out sick. Patients are being held in the ER for 45 hours, because of bed shortages. 3 hours wait times. Ran out of influenza swabs. 140 patients in ER on average. ER is approved to get as many traveling nurses as needed. Materials manager is standing at the door of the ER passing out masks. Administration is coming and working in the ER, all hands-on deck. • Home Health: Staff is calling out sick. 6 nurses out of 25 in home health are calling out sick. 3 nurses out of 12 hospice nurses are calling out sick. • Cal Poly: Students come back January 6 th . A couple of students have come to the clinic, but the clinic has not been overwhelmed. • Ombudsman: Most residential care facilities are on quarantine and have closed their doors, and are not accepting new patients. LTCO is working with facilities to accept patients to help relieve the hospitals.
ENVIRONMENTAL HEALTH	No Report
VINCE PIERUCCI EMERGENCY MEDICAL SERVICES AGENCY	 Record number of calls in the last four days. 100 calls per day, when county is used to seeing 70 on average. San Luis Ambulance says their average wait time once they get to the hospital is approximately 20 minutes. During the Thomas Fire, Public Health activated CHADOC for the movement of 27 residents from Santa Barbra county facilities to SLO county facilities. San Luis Obispo City Fire helped load the cots and blankets for the residential care facility that received the patients.
ELIZABETH MERSON PHEP REPORT	 SLO County CHEMPACK training is now available online (see attached flyer). Again, special thanks to Emma Lauriston for the hours she spent reviewing the material. If partners watch the training and have feedback, please send comments to PHEP for future revisions. PHEP is already aware of audio fluctuations. The Health Agency is partnering with the American Red Cross to offer Disaster Mental Health Fundamentals on February 2, 2018 (see attached flyer). The training is open to all mental health professionals interested in learning how to respond during a disaster. Registration is available through: https://sloco.wufoo.com/forms/z1xq9n4a1846ema/ Medical Reserve Corps (MRC) Orientation on January 31, 2018 at the SLO Public Health Department. See attached flyer and please distribute to friends and colleagues. It is most effective and beneficial for medical professionals to get trained prior to a disaster hitting our community. PHEP is convening a new work group for healthcare entities new to emergency planning. Provide a forum for entities to share best practices and network. First meeting will be Feb. 1st from 2:00-3:00pm. (see attached flyer). The Health Agency activated CHADOC twice for the Thomas fires. The first time was on Sunday, Dec. 10, 2017 for the purposes on monitoring air quality in coordination with the Air Pollution Control District to determine whether public distribution of masks was warranted. The air quality did not reach levels that indicated that masks were needed. The second activation was on Dec. 16, 2017 for the coordination and tracking of residents evacuating from Residential Care Facilities in Santa Barbara county to a facility in SLO

Public Health Emergency Preparedness Program Advisory Committee PHEPAC Minutes 01/04/2018

	County. The Public Health Department also filled a resource requests for costs and blankets for the residents. The activations went smoothly and ensured efficient coordination of responding entities.
ROBIN HENDRY COMMUNICATIONS	 Link for Graphical Information System (GIS) Licensed Facility map: http://arcg.is/0CKqf To toggle a layer on/off: click on "Content" then uncheck to remove the layer from view or check to add a layer to view Each colored dot represents a licensed facility within the County of SLO. Click on a dot to see details about that facility (i.e. name, address, type, total beds, number of residents on Oxygen etc.). If known, type the address of a facility in the search bar to zoom in to that facility New Satellite phone numbers list (see attached).
ELIZABETH MERSON DISASTER HEALTHCARE COALITION GOVERNANCE DOCUMENT	 To comply with federal grant requirements, PHEP updated the PHEPAC Governance Structure (see attached and note that it's a fillable pdf so entities will have to download the form to their computer, open Adobe Reader and then open the form) to include newly required elements (preparedness, response and recovery functions, sustainability, partner entity roles and responsibilities, and goals). The new governance structure will replace the old governance structure and the Healthcare Coalition MOU. In lieu of an MOU, partners will be asked to complete a Partnership Agreement every five years and a Capabilities Worksheet. In addition, to be more consistent with federal terminology, the name of PHEPAC will change to San Luis Obispo County Disaster Healthcare Coalition (SLO-DHCC)
UP COMING EVENTS	 Medical Reserve Corps Orientation January 31, 2018 @3:00 pm Healthcare Preparedness Work Group Meeting February 1, 2018 @2:00pm Emergency Monitoring and Decon (EMAD) Dress Rehearsal January 24, 2018 Emergency Monitoring and Decon (EMAD) FEMA Evaluated Exercise March 21, 2018

American Red Cross

Disaster Mental Health Fundamentals Course

DESCRIPTION:

The purpose of the course is to prepare licensed mental health professionals to provide for and respond to the psychological needs of people throughout the disaster cycle of preparedness, response and recovery.

Disaster Mental Health Fundamentals is a basic level, instructor-led course that introduces the key concepts, knowledge and skills required of a Red Cross Disaster Mental Health (DMH) responder. It provides participants the opportunity to apply their learning to real-world examples that reflect challenges experienced by DMH responders, be it on a Disaster Action Team (DAT) response or serving on a larger disaster relief operation.

The February 2, 2018 session of this training is designed and designated for orienting San Luis County Behavioral Health staff and partner agency staff to be able to assist and support American Red Cross Disaster Mental Health responders during local or regional disaster relief operations.

Note: This course was formerly titled, *Foundations of Disaster Mental Health*. The name change was effective November, 2013 with the release of this fact sheet. The course content as of January 2013, was not changed.

WHO:

Licensed mental health professionals who meet one of the following criteria:

- An independent license (license to practice without supervision) and master's degree as a clinical social worker, psychologist, professional counselor, marriage and family therapist, psychiatric nurse, or psychiatrist.
- A state license or state certification and master's degree as a school psychologist or school counselor issued by a state board of education.
- A state license and a bachelor's degree (BSN) as a registered nurse and American Nurse Credentialing Center (ANCC) certification for psychiatric and mental health nursing to include RN-BC or PMHNP-BC or PMHCNS-BC.

All other behavioral health professionals (such as Psychiatric Technicians and Licensed Marriage and Family Therapists Interns) may audit** the course.

INSTRUCTORS:

Monty Clouse, Ph.D.

Killorin Riddell, Ph. D.

OBJECTIVES:

At the close of this training, the participant will be able to:

- 1. State the three Elements of Disaster Mental Health Response.
- 2. State three of the Tips for Working with Disaster Survivors that will be personally helpful.
- 3. State three of the DMH Self Care Strategies that will be personally helpful.

CEUs:

Please allow 2 weeks for completion of training and evaluation to receive certificate.

County of San Luis Obispo Behavioral Health
Department - course meets the qualifications
for 3 hours of continuing education credit for
MFTs, LPCCs, and/or LCSW as required by
the California Board of Behavioral Sciences.
Approval #55422" Provider approved by the
California Board of Registered Nursing, Provider Number #1857 for up to 3 hours.

County of San Luis Obispo Behavioral Health Department is approved by the California Association of Marriage and Family Therapists to sponsor continuing education for behavioral health professional. County of San Luis Obispo Behavioral Health Department maintains responsibility for this program/course and its content.

^{**}Auditing a course allows a student to take a class without the benefit or receiving credit. A student who audits a course does so for the purpose of self-enrichment and academic exploration.

SLO MRC ORIENTATION

SAN LUIS OBISPO COUNTY MEDICAL RESERVE CORPS

Wednesday, January 31st, 2018 3:00 – 4:00 pm

SLO MRC is made up of volunteer healthcare professionals and auxiliary staff trained to respond with and assist local emergency responders and public health professionals.

SLOMRC provides an organized group for healthcare professionals to efficiently volunteer their expertise to fulfill crucial staff needs in large-scale emergencies.

San Luis Obispo County Public Health Department 2191 Johnson Avenue, San Luis Obispo, CA
