April 9, 2021

John Waddell County of San Luis Obispo Public Works Department 976 Osos Street San Luis Obispo, California 93408

Subject: Complete Notification of Lake or Streambed Alteration

EPIMS Notification No. SLO-15555-R4 Dover Canyon Road Bridge Replacement Jack Creek – San Luis Obispo County

Dear Mr. Waddell:

On March 2, 2021, the California Department of Fish and Wildlife (CDFW) received your Notification of Lake or Streambed Alteration (Notification) through the Environmental Permitting Information Management System (EPIMS). CDFW was required to make a completeness determination by April 1, 2021. CDFW did not meet that date; therefore, as of April 2, 2021, your Notification is complete by operation of law.

CDFW is required to submit a draft Lake or Streambed Alteration Agreement (Agreement) to you within 60 calendar days from the date the Notification became complete, if CDFW determines that an Agreement is required for the project. An Agreement will be required if CDFW determines that your project could substantially adversely affect an existing fish or wildlife resource. Therefore, CDFW has until May 31, 2021 to issue you a draft Agreement or inform you that an Agreement is not required. Because May 31, 2021 is a holiday, the Department has until June 1, 2021 (the next business day) to issue a draft Agreement.

Please be advised that you may not proceed with any work until CDFW executes an Agreement, informs you that an Agreement is not needed, or does not provide you with a draft Agreement within 60 days of the date your Notification was deemed complete.

If you have questions regarding this letter, please contact the Central Region Lake and Streambed Alteration Program at (559) 243-4593 or by email at R4LSA@wildlife.ca.gov.

Sincerely,

Docusigned by:
