

ORDINANCE NO. 3520

ORDINANCE AMENDING COUNTY FEE SCHEDULE

The Board of Supervisors of the County of San Luis Obispo, State of California, ordains as follows:

SECTION 1: The Board finds and determines:

a. That it has the authority to revise fee charges for providing any product, service, or enforcement of various regulations under the general laws of the State of California, including Government Code Sections 54985 et seq. and 66010 et seq.

b. The Board has adopted a policy (Resolution No. 75-396) requiring the County Administrator and the Auditor-Controller to annually review changes in fees and charges for specific County products, services and costs of enforcement with the departments making those charges, and make recommendations to this Board as to whether said charges should remain the same, be increased or be decreased.

c. On November 28, 2023, Ordinance No. 3499 was adopted establishing or reaffirming all county fees. Said ordinance, and any other ordinances subsequently adopted amending the fee schedule, shall continue in effect unless modified by this ordinance. All fees to be charged in calendar year 2025 as set out in Schedule "A" or in Fiscal Year 2025-26 as set forth in Schedule "B" of this ordinance have been subject to review by the County Administrator and the County Auditor-Controller. All fees presented on Schedule "A" and Schedule "B" are attached and incorporated by reference herein.

d. The Auditor-Controller has certified to this Board that the overhead rates are calculated in accordance with accounting standards set by the Federal Government's Office of Management and Budget, in accordance with Title 2 in the Code of Federal Regulations (2 CFR), Subtitle A, Chapter II, part 225.

e. The fees and charges shown on Schedule "A" and Schedule "B" hereto reflect the Board approved charges for providing any product or service, or the cost of enforcing any regulations, which are limited to those items included in the Federal Office of Management and Budget 2 CFR, Subtitle A, Chapter II, part 225; provided, however, that fees for zoning and planning matters, including municipal and district organizational and re-organizational matters, as specified in Government Code Section 66016, do not exceed estimated reasonable costs of those services for which the fees are charged.

f. Capital facilities fees do not exceed actual construction costs as defined in Government Code Section 54999.1.

g. By definition, these charges are not a "tax" and are exempt from voter approval pursuant to California Constitution Code Article XIII C, section 1, paragraph (e)(1)[charge for specific benefit conferred]/(2)[charge for specific service provided]/(3)[charge for issuing license or performing inspection]/(4)[charge for use of government property]/(5)[fine or penalty imposed for violation of law] (Prop.26).

h. Public Notice has been given in accordance with Government Code Sections 66016 and 66018.

SECTION 2: The fee schedules are amended as follows:

a. That the fee changes attached and incorporated by reference herein shown on Schedule "A" as "proposed fees" are hereby approved, and shall be effective January 1, 2025.

b. That the fee changes attached and incorporated by reference herein shown on Schedule "B" as "proposed fees" are hereby approved, and shall be effective July 1, 2025.

SECTION 3: All departmental managers and divisional managers whose services are listed in said Schedule "A" and Schedule "B" are hereby directed to amend their fees for services to the rate shown in Schedule "A" and Schedule "B" as "proposed fees", including all additions or deletions.

SECTION 4: This ordinance shall take effect and be in full force and effect as set forth in Section 2 above; and before the expiration of fifteen (15) days after passage of this ordinance, it shall be published once with the names of the members of the Board of Supervisors voting for and against the ordinance in a newspaper of general circulation published in the County of San Luis Obispo, State of California.

INTRODUCED at a regular meeting of the Board of Supervisors held on 29th day of October 2024 and **PASSED** and **ADOPTED** by the Board of Supervisors of the County of San Luis Obispo, State of California, on the 12th day of November 2024, by the following roll call vote, to wit:

1	A special use permit may be required if a fee is charged or money collected, alcohol and/or food is sold, the park will be used beyond its normal capacity or range of user activities, the proposed use is likely to infringe on other users, or the event will exceed 200 in attendance.
2	Swimming-Fees apply to swimming at the following county-owned pools: Santa Margarita Lake pool; Hardie Park pool; Shamel Park pool; CW Clarke Park pool; Templeton pool; and San Miguel pool.
3	Maximum rental 8 hours for ballfield, 4 hours per week for tennis courts. Special Use Permit required for longer term rentals.
4	A deposit is required of applicant, sponsoring organizations, staff, or performer in an event which requires additional County resources to clean or repair the premises, the Parks & Recreation Department may prohibit subsequent use by any such organization in the future.
5	Large Special Events, i.e., Fireworks Display, Concerts, Renaissance Festival, Triathlon, Runs, Bass Tournaments, Festivals, Fairs, etc. Fees subject to negotiation and approval by Director--Parks & Recreation.
6	The County will provide a 50% discount off County Parks fees to valid California State Parks Distinguished Veteran passholders.
7	Fee collection may be temporarily waived by the Director--Parks & Recreation for a Parks fee if equivalent financial sponsorship is provided to offset revenue loss.
8	Event Center rates will be determined based upon amenities rented (Main hall, kitchen, meeting space, BBQ area, tables, chairs, AV equipment, etc.)

Footnote #	Footnote Narrative
1	<p>The proposed fee structure and amounts are based on California Business and Professions Code section 12240 which states "...the Board of Supervisors, by ordinance, may charge an annual registration fee, not to exceed the county's total cost of actually inspecting or testing the devices as required by law, to recover the costs of inspecting or testing weighing and measuring devices required of the county sealer pursuant to Section 12210, and to recover the cost of carrying out Section 12211." For FY 2025-26, the projected total costs of the device program is \$606,212.10, based on projected costs calculated from previous work completed in the device program. The proposed FY 2025-26 device registration revenue is \$397,930.14, based on the total number and type of locations registered and the number and type of devices inspected. This represents a projected cost recovery of 65.60% for the device inspection program.</p>
2	<p>The Federal Standard Mileage rate, as set by the Internal Revenue Service January of each year, will be used for all mileage charges associated with hourly inspection fees.</p>

Footnote #	Footnote Narrative
1	Surcharge based on a multiple of the initial fee. Set as a deterrent to discourage multiple violations and a means of achieving compliance of code.
2	Fee based on comparable rates with other entities. The division is sensitive to fee increases that would discourage pet redemptions/adoptions and result in overcrowding at the shelter.
3	Fee is set using a comparable fee survey using surrounding shelters.
4	Base fee is set for other exotic animals and horses but fee could increase based on the overall market value of the animal being adopted.
5	In addition to the County approved fees, an additional State surcharge may be applicable and is subject to change after this publication.
6	Fee set by Animal Services Manager based on market value or bid process
7	Full cost of cruelty investigations are included in Restitution documents submitted to the courts during hearing process.
8	Deposit which is refundable upon return of trap. Cost is based on replacement cost of trap.
9	Investigation costs and charges vary accordingly-and include payroll costs of staff involved (both ASD and other agencies), supplies associated with the investigation, any animal care associated (boarding, vet exams, medical, food), and any other administrative costs (copies, postage, etc.).
10	The standard commercial value of the animals for which this fee applies substantially exceeds the cost to perform the adoption service. Fee is set above full cost recovery to be consistent with market value and promote placement of these animals into homes willing and able to meet their special and extensive care requirements.
11	Provides for recovery of costs associated with impound of livestock, exotic, and non-traditional animals.
12	Establishes full cost recovery for intake processing and care of custodial impound animals. (waived for impounds associated with crisis care of owner or animal).
13	Service unit increase is attributed to an increase in low cost clinic opportunities, along with walk in hours at the shelter location.

Department Name: Health Agency - Animal Services
Fund Center: 137

Footnote #	Footnote Narrative
14	In order to minimize unwanted or unexpected reproduction of certain standard animals, particularly female rabbits, Animal Services routinely has them surgically sterilized in advance of their adoption. This fee will partially offset the costs associated with the provision of that surgery.
15	Discount issued for any animal that is wearing a current ID or has a Microchip providing valid owner contact information on first impound event. (Not issued for sequential impounds).
16	Waived for dog wearing current license
17	501C3 designated non-profit operations will be exempt from commercial permit fee.

Footnote #	Footnote Narrative
1	The department reviewed the time studies, pertinent code sections, and reasonableness of the current fees. Direct costs have been added where applicable.
2	The department conducted a survey of comparable counties to ascertain that the proposed fee was reasonable.
3	Statutory fees are subject to change in order to comply with state statutes.
4	This is a State-mandated fee paid to the State if tax sale proceeds on a given parcel exceed \$1.50; no revenue to the County.
5	Senate Bill 1186 became effective on January 1, 2013. In part, this law requires city and county business licensing agencies to collect an additional \$1.00 on each new business license application and business license renewal. These funds are used to increase access for disabled persons to businesses through inspections and other oversight by State and County agencies. The County retains \$0.035 of each \$1.00 collected to assist in the funding of inspections and oversight.
6	The fee is set by California Probate Code and is based on the value of the estate administered. The calculation is \$25 plus 1/4 of 1% of the amount over \$10,000, for each year an estate is open. Fees after the first year are prorated by month.
7	The fee is set by California Probate Code and is based on the value of the estate administered. The fee is 4% of the first \$100,000, 3% of the next \$100,000, 2% of the next \$800,000, etc. Recent Legislation signed by the Governor will increase the minimum compensation for estates handled by the Public Administrator from \$1,000 to \$3,000 effective January 1, 2023. (Most PA estates do not exceed \$25,000 and therefore fall in this category.)
8	The fee is added to a parcel at the time of delinquency, but is not collected until the parcel is redeemed. Therefore revenue contains a mix of fees from different years. Effective with FY 2012-13, the Current Secured Delinquent Cost Fee increased from \$10.00 to \$20.00, to recover actual costs of preparing the delinquent tax records and giving notice of delinquency, as allowed by code. All costs added in FY 2012-13 and forward are at the rate of \$20. However, all costs existing prior to July 1, 2012 are collected at \$10. Until all \$10 costs from prior years have been collected, this fee must be estimated with units at both fee amounts. Units of service have been adjusted to provide the same revenue, but using a pure \$20 rate.
9	The timeshare separate bill fee is a composite fee between the Tax Collector and Assessor's offices. The fee reflects the additional cost required to split a single property into as many as a hundred separate timeshare segments. Due to many variable factors the Assessor's actual cost cannot be calculated until the work is completed, but is typically \$.30 to \$.40. This amount once calculated will be added to the Tax Collector's fee and the total applied to the timeshare property tax bills by the Auditor. The revenue from this fee is Non-Departmental General Fund revenue.

Footnote #	Footnote Narrative
10	For the Tax Collector Returned Payment Fee indicator #2013, our cost of \$105.77 reflects a mix of handling returned paper checks at \$79 cost and returned electronic payments at \$115 cost. The cost of reversing an e-check payment is higher due to added complexity compared to a paper check. Because we are taking more electronic payments, the mix is causing the average cost to rise. We cannot charge different rates, even though our costs are different, because the property tax system only has the ability accept one type of returned payment at one rate. We did not want to raise the fee above the current \$57.00, because we already get complaints from taxpayers that it is too high, and much higher than other merchants charge for a returned check.
11	Actual charges will be based on time keeping in the County's accounting system
12	This fee does not result in departmental revenue. Of each \$15.00 collected, \$5.00 is remitted to the State and \$10 to the County general fund per R&T code 4656.5.
13	This fee recovers the costs of operating the County Cannabis Tax Compliance Program. The costs recovered include membership in the California Cannabis Authority, TTC Division and AC Division staff time, and the costs of conducting cannabis tax audits Per Board direction, these costs are to be passed on to cannabis license holders.

Footnote #	Footnote Narrative
1	Fees are non-refundable, regardless if transaction is completed or not. Does not include the value of the property or easement acquired. Easement fee applies to creating and releasing easements.
2	Term of 1 day to 1 year. An additional up-front fee of \$100 will be assessed for each site visit estimated to be required during the processing or management of the permit. Some of the difference between actual staff costs and the proposed fee shown in this analysis will be made up through the additional site visit charges, where applicable. A higher fee is not recommended because it may result in fewer users requesting permits, and the most significant purpose of the permit is to reduce the County's exposure to liability.
3	Film Permit fees consists of a \$250 non-refundable Application Fee for review of application, plus \$450 Permit Fee to issue the permit. Permit is valid for up to 7 consecutive days and 7 locations. On a case-by-case basis, requests to change a Film Application or Permit are subject to an additional \$75 fee per requested change. Additional fees may apply for impacts to Parks or other County facilities, encroachment permits, fire review, extended term of permit, or excess County staff hours (defined as staff time exceeding 10 hours per permit). Permits requiring more than 10 hours of staff time will be charged the full cost recovery hourly rate for time that exceeds 10 hours. Although staff costs are not fully recovered at a fee of \$700, a higher fee is not recommended because it is already near the top of the range of nearby counties. The California Film Commission endorses lower fees since their industry brings in a great deal of revenue to local businesses for any filming event.
4	Regular rental rate applies for uses that are commercial in nature or for private parties.
5	This reduced rate applies to 501c3 non-profits with proof of non-profit status, and other governmental agencies.
6	This fee may be waived or reduced for 501c3 non-profits with proof of non-profit status, and other governmental agencies.

Footnote #	Footnote Narrative
1	<p>Hourly fee for legal services is calculated using the most current Indirect Cost Rate Proposal (ICRP) prepared by the Auditor's Office.</p>
2	<p>Fees for estate matters complies with Probate Code section 10810 that says in part: "... (a) Subject to the provisions of this part, for ordinary services the attorney for the personal representative shall receive compensation based on the value of the estate accounted for by the personal representative, as follows:</p> <ol style="list-style-type: none"> (1) Four percent on the first one hundred thousand dollars (\$100,000). (2) Three percent on the next one hundred thousand dollars (\$100,000). (3) Two percent on the next eight hundred thousand dollars (\$800,000). (4) One percent on the next nine million dollars (\$9,000,000). (5) One-half of 1 percent on the next fifteen million dollars (\$15,000,000). (6) For all amounts above twenty-five million dollars (\$25,000,000), a reasonable amount to be determined by the court. <p>(b) For the purposes of this section, the value of the estate accounted for by the personal representative is the total amount of the appraisal of property in the inventory, plus gains over the appraisal value on sales, plus receipts, less losses from the appraisal value on sales, without reference to encumbrances or other obligations on estate property..."</p>
3	<p>Fees for conservatorship matters involving an estate comply with Probate Code section 2942(b) that says in part: "Compensation for services of the public guardian and the attorney of the public guardian, and for the filing and processing services of the county clerk or the clerk of the superior court, in the amount the court determines is just and reasonable." The initial case set-up, preparation of pleadings and appearances by counsel for an uncontested case is a minimum of five hours. For a contested case that requires a court trial, witness preparation, etc., but is fairly uncomplicated a minimum of nine hours is required. These hours are charged at the hourly rate to determine the cost to an estate for the initial case set up, preparation of pleading and court appearances. These rates are used as guidelines in petitioning the court for what counsel feels is just and reasonable, but the court retains authority at any and all times in awarding fees. If a case becomes more complicated such that discovery ensues, extended discussion with counsel, medical personnel, and family members occurs and the time exceeds that which is identified above.</p>

Footnote #	Footnote Narrative
1	<p>The department wishes to recover the full cost of service (including consultant cost) for all major projects, peer reviews and/or technical reports. This includes all projects for which the fee schedule requires a Real Time Billing Deposit. Additionally, if the processing cost of an application, including environmental review or administering the conditions of approval, will be substantially in excess of the fee/deposit, which is collected at intake, the applicant may be notified before the project is scheduled for public hearing that the total processing cost will be determined by full cost recovery techniques and that additional charges (invoices) may be forthcoming. Invoices not paid within 30 days of billing will have all processing of the project stop until the invoice is paid in full. This option can also be used where the department determines that processing costs will be substantially less than the original fee/deposit. In this case, the unused portion of the fee/deposit will be refunded. Billing for Land Use/ Division Applications will be at the Department's hourly rate for Planning (currently \$142/per hour). Billing for Building permit applications will be at the Department's hourly rate for Building (currently \$140 \$135/per hour). These rates will be charged at 1.5 times these hourly rates when work is performed during overtime conditions at the applicant's request. The deposit will be collected on applications at intake. Billing for peer review and for consultant review for Planning Cases, excluding projects identified in footnote 39, will be at the actual consultant hourly rate and 15% of consultant invoice amounts to recover the department's cost for consultant project management. Billing for peer review and for consultant review for Building Cases will be at the actual consultant hourly rate and up to 30% of consultant invoice amounts to recover the department's cost for consultant project management.</p>
2	<p>The Department wishes to recover the full cost of staff time required to resolve land use violation cases that do not require issuance of a land use permit. The Department shall notify the property owner at the time a violation is verified to exist. The total administrative cost of resolving the enforcement case will be determined by full cost recovery techniques and the property owner will be billed accordingly.</p>
3	<p>A refund of any unused portion of fees for withdrawn or partially completed projects shall be determined by the Planning Director based on code requirements and/or an appraisal of the cost of staff work up to the time the project is withdrawn. Any fee erroneously paid or collected will be refunded in full or credited in full to the correct fee. All requests for refunds shall be in writing from the property owner or designee as listed on the application as originally filed with the department, with the refund paid only to that owner.</p>

<p>4 The Planning Director is delegated the authority to grant fee waiver requests for land use and construction permits on development projects that are proposed by volunteer, community and nonprofit organizations for the benefit of an entire community when the project satisfies the following criteria. This policy does not apply to requests for general plan amendments.</p> <p>a. the proposed project will be available for use by the public at-large and it is likely that the project will be used or will benefit more than residents of the immediate vicinity; and</p> <p>b. the project will be of obvious public benefit. Evidence of public benefit may include but is not limited to:</p> <ol style="list-style-type: none"> 1. the project meets a need previously identified or recognized by the Board of Supervisors. 2. the project replaces another facility that previously provided benefit. 3. the project provides a facility not presently available in the community. 4. the project has generated substantial, obvious community support. 5. the project would reduce other County costs or increase other County revenues. <p>c. The fee (s) to be waived will not exceed a total of \$5,000.</p> <p>d. The Planning Director decisions may be appealed in writing within ten days to the Board of Supervisors, whose decision will be final.</p> <p>e. Notwithstanding any other provision of this fee schedule, the Board of Supervisors retains the authority to consider other fee waiver requests when it considers such waivers to be equitable and in the public interest.</p>	
<p>5 The Planning Director is authorized to waive land use, building and environmental review fees for applicants who are seeking to reconstruct legally constructed homes and other structures, including associated grading, that were destroyed as a result of a natural or manmade disaster, where the Board of Supervisors adopts a resolution declaring such a disaster.</p>	
<p>6 If this fee is collected by the Department, the applicant may elect to appeal the decision directly to the California Coastal Commission at no charge per County Code Section 23.01.043.b.3 and the California Code of Regulations Section 13573 and the Public Resources Code Section 30603.</p>	
<p>7 Where dis-establishment of an agricultural preserve is requested concurrently with a General Plan Amendment application of the property, this fee will not be collected and the General Plan Amendment fee will instead cover the costs.</p>	
<p>8 The pre-application fee must be paid in advance of the office consultation or site visit. If a subsequent land use or subdivision application is submitted within one year of the pre-application meeting, the Department pre-application fees will credit be applied to the L52 pre-application fee toward the land use or subdivision application processing fees.</p>	
<p>9 This fee is only applicable to lot line adjustment applications that meet criteria in County Code Section 21.02.030(d)(1).</p>

16	The Continuance fee is only charged when the applicant requests the continuance.
17	The Emergency Permit fee applies to permit applications that are submitted in situations that constitute an "emergency" as defined by County Code Section 23.03.045 and/or 22.62.080.
18	The Hazardous Tree Removal fee covers the removal of up to five trees at the same location. Each additional tree at the same location costs an additional \$50.00.
19	The Coastal Zone - Tier I add-on fee applies to building permit zoning reviews, lot line adjustment applications, and minor use permit applications in the coastal zone.
	The Coastal Zone - Tier II add-on fee applies to conditional use permit applications, variance applications, parcel and tract map applications, conditional certificates of compliance, major grading permits, and general plan / ordinance amendments in the coastal zone.
20	Coastal Zone Property Request and amendments add on fee represent the department costs of processing Local Coastal Plan and Coastal Zone Land Use Ordinance amendments and coastal area plan update property requests through the California Coastal Commission. These are to be fully recovered through this fee using full cost recovery techniques and the property owner will be billed accordingly.
21	This add-on fee is collected when a General Plan / Ordinance Amendment also triggers the need to change other general plan elements to maintain internal consistency.
22	This fee is collected when an application requires review by the Airport Land Use Commission.
23	This fee applies to all Requests for Allocation/Allotments for new residential dwelling units submitted in accordance with the Growth Management Ordinances (Title 26). This fee is non-refundable. This fee also applies to applications for "grandfathered" units in Cambria.

24	This fee, to be filed concurrently with an application for "Request for Allocation/Allotment" for a new residential dwelling unit, shall be considered a deposit to be credited towards the construction permit fees required by the Building Permit Fees as listed in Section V of this fee schedule. This fee also applies to "grandfathered" units in Cambria.
25	Effective January 1, 2018 AB1414 provides for a cap on the permit fees local jurisdictions can collect for solar energy systems. To the extent the Planning and Building Department permit fees exceed the cap, the amount in excess of the cap will be waived.
26	Building permit and inspection fees exclude requests for modification to mobile home standards or residential density standards. Change to approved use is restricted to requests involving either a new or changed use within buildings already authorized by a previously approved development plan.
27	Fees collected for other County budget units or Departments and other agencies are subject to a \$6.00 administrative processing charge for each such transaction.
28	This fee is applicable to activities that qualify for the Alternative Review Program per County Code Section 22.52.080.B.
29	This fee is to be collected by the Local Agency Formation Commission (LAFCO) and transferred to the Department of Planning and Building at the time an application is made to LAFCO. The fee will be collected when the LAFCO Executive Director determines that the application needs review by the Department of Planning and Building.

Department Name: Public Health - Nursing
Fund Center: 160-05

Footnote #	Footnote Narrative
1	Sliding fee scale based on household income and number of dependents.
2	Under the authority of the Health Officer and mandate of the Department of Public Health to prevent the spread of communicable diseases or occurrence of additional cases (California Health and Safety Code section 120175), fees may be waived or reduced to an amount a patient is able to pay.
3	All significant supplies and medications are additional at a rate not to exceed direct and indirect costs.
4	The Nursing unit uses office visit procedure codes defined by Medi-Cal CPT codes established by the American Medical Association. These office visits include staff time associated with the procedure. Associated supplies are added to office visit based on a quarterly updated supply list as referenced in Footnote #3.
5	The charges do not include Public Health Laboratory fees. Please see Public Health Laboratory fee schedule for specific laboratory tests.
6	All administrative costs for the Medical Marijuana ID Card (MMIC) program at the county level are fee supported. Prop 64 (The Adult Use of Marijuana Act, 2016), Health and Safety Code Section 11362.755 requires the county program to establish application fees for persons seeking to obtain, renew, or replace ID cards. Pursuant to this law, county programs may charge an amount (not to exceed \$100) per MMIC application or renewal, must give Medi-Cal eligible applicants a 50% reduction, and must waive fees for indigent patients eligible for and participating in the County Medical Services Program.
7	In high-risk cases/situations where the health and well being of a client or the public are deemed to be at public health risk, Public Health Nurse Case Managers/Public Health Nurse Supervisors are authorized to waive required fees.
8	Fees may be reduced to comply with state or federal mandates and funding available. Fees may also be reduced to comply with program requirements such as the California Vaccines for Children (VFC) Program reduced rate.

Footnote #	Footnote Narrative
1	An hourly rate is added for those that require more than the projected average number of staff hours. A minimum of 2 hours may be charged for plan check consultations and plan reviews for prepackaged incidental retail food sales or other incidental plan reviews that typically involve one field visit. It is also used when conducting CEQA related reviews for well construction permitting. The hourly rate can be added for mobile food commissaries and those facilities that require more than the projected average number of staff hours.
2	Move towards Board of Supervisors policy of full cost recovery.
3	Veterans with an honorable discharge operating a business in the incorporated and unincorporated areas of the county and subject to these fees will receive an exemption from health permits as authorized by the Business and Professions Code, Sections 16000 et seq.
4	Non-profit organizations with proof of non-profit status will receive an exemption from these Environmental Health Fees, for up to four events per year.
5	Non-profit organized camps are exempted from the fees in this program.
6	In addition to the County approved fee, an additional State surcharge is applicable and is subject to change after this publication.
7	A fee reduction equivalent to 1/2 hour of the BOS authorized hourly rate shall be applied when CUPA facilities are subject to two or more programs.
8	This fee will be charged at 1.5 times the hourly rate when work is performed during overtime conditions.
9	In addition to unscheduled reinspections, the hourly rate will be applied to facility/site inspections or other services where there is not an applicable health permit (i.e.: biosolids, unpermitted housing complaint site inspections, California Assembly Bill 1276 {2021-2022 session} enforcement, etc.). Planning and Building and/or Sheriff may collect the fee on behalf of Environmental Health Services for joint inspections/investigations or other unpermitted activities.
10	The CUPA may authorize a CalARP facility risk management plan audit in compliance with CCR, Title 19, Division 2, Chapter 4.5, Section 2775.2 and CUPA Policy P-04 to be conducted by the County's consultant. The fee is charged to the CalARP facility and passed through to the consultant.
11	Environmental Health may authorize a consultant to review and oversee site remediation/clean up projects. Review and oversight consists of but is not limited to review site work and safety plans, oversee customer field work to verify compliance with site health and safety plans, review phase 1 and phase II site investigation reports and provide verbal and written reports to Environmental Health regarding additional work needed, provide draft recommendations regarding site closure and/or required mitigation. Actual cost of consultant is charged to the customer and passed through to the consultant.
12	In the case of a new business required to pay an annual fee pursuant to resolution of the Board of Supervisors, annual fees shall be prorated on a Quarterly basis for the remaining part of the year, however no fee shall be prorated to an amount less than the BOS approved hourly rate.

Footnote #	Footnote Narrative
13	This fee will be charged for consultant services such as technical geology review for the well program. Actual consultant costs incurred by Environmental Health Services are charged to the permit applicant.
14	Consistent with the action taken by the Board of Supervisors on August 27, 2013, the Health Officer, by and through her environmental health officers or duly authorized representatives, is delegated the authority to waive well construction permit fees in connection with the replacement of a domestic well that has gone dry if she finds that all of the following conditions have been met: (1) the well owner submits a letter of explanation documenting the failure of the current domestic well to provide adequate water (dry well) (such letter could include a statement from a licensed and bonded well drilling contractor verifying the well failure, the well completion report or driller's log for the dry well, the original permit issued by the Health Officer for the dry well and receipts for hauled water to the subject property); (2) the well owner verifies that the dry well was drawing groundwater from an area that has been certified as Level of Severity III as part of the County's Resource Management System by locating said dry well accurately on a map and by providing the Assessor's Parcel Number, section/township/range, street address and GPS coordinates of the location of the dry well/property; and (3) a licensed and bonded well drilling contractor submits a well construction permit for a new domestic well to replace the dry well.

Footnote #	Footnote Narrative
1	Under the authority of the Health Officer and mandate of the Department of Public Health to prevent the spread of communicable diseases or occurrence of additional cases (California Health and Safety Code section 120175), fees may be waived or reduced to an amount a patient is able to pay.
2	Sliding fee scale based on household income and number of dependants.
3	Fees may be reduced to comply with state or federal mandates and funding available.
4	At the discretion of the laboratory director, a substitute test may be used in place of an ordered test if the substitute test has comparable or superior performance characteristics and minimally detects all targets of the ordered test. Circumstances that may prompt substitution include supply inventory and overall cost efficiency. The fee charged will be the lower fee between the substitute and ordered tests.
