Re: **Support for grant application for "stressed basins"**

At the Paso Basin Advisory Committee (PBAC) meeting on October 15, 2015, the PBAC unanimously approved the following recommendation.

The PBAC requests that the County follow DWR's guidelines with the intent of pursuing a grant application for "stressed basins". Specifically, the PBAC suggests the grant application address the preparation of a feasibility study to analyze opportunities to increase water infiltration by defining where best to implement retention, recharge and infiltration projects.

Please forward this letter to the Department of Water Resources as support for the subject grant application.

Sincerely,

Sue Luft  
Chairperson, Paso Basin Advisory Committee
