

PROVIDER DIRECTORY

Behavioral Health Clinics and Contract Providers for Substance Use Disorder Services

How to use this list:

This is a directory of names, locations, and phone numbers of our substance use disorder (SUD) clinics and providers. It explains the services we offer and will help you find the resources you need. This directory is updated monthly and no later than 30 calendar days after the County receives updated provider information.

Emergency or Crisis Services:

Emergency assistance can be obtained by calling 911. Behavioral health emergency calls can also be made to our toll-free number, **1-800-838-1381**. Emergency services do not require pre-authorization (they are available when needed, without prior approval).

For more information about our services and your rights:

Please read the "Guide to Medi-Cal Substance Use Disorder Services", available on our web site, slobehavioralhealth.org, at any clinic location, or by calling us at 1-800-838-1381. The Guide is available in English, Spanish, in large print version and in a CD format.

Español (Spanish)

ATENCIÓN: Si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. Llame al 1-800-838-1381 or TTY/CRS 1-800-735-2922

繁體中文(Chinese)

注意：如果您使用繁體中文，您可以免費獲得語言援助服務。請致電 1-800-838-1381 or TTY/CRS 1-800-735-2922。

Free Language assistance services are available upon request. Please ask any staff person for assistance if you need this information in an alternative communication format such as large font, Braille, or an electronic format, or, if you would like help reading the material. If you cannot hear or speak well, please call 1-800-735-2922 California Relay Service/TTY.

STEPS TO ACCESS BEHAVIORAL HEALTH SERVICES

Step 1:

Call 1-800-838-1381

This is our toll-free, 24 hour, 7 days-per-week Central Access Line. You will receive information about how to get Mental Health or Substance Use Disorder treatment services. If you call between 8 AM and 6 PM Monday through Friday (except holidays), we will schedule a first assessment appointment with you to discuss your needs and to help you find services that will work for you.

Step 2:

After completing an assessment, we will explain the services you qualify for and help you find providers who are available to work with you. You may read about our services and programs in this Provider List or on our website to help us find what you need.

Substance Use Disorder Treatment Clinics and Programs:

- ✓ All clinic locations comply with ADA requirements and are wheelchair accessible
- ✓ All clinic locations are accepting new clients
- ✓ All clinics provide services in English and Spanish
- ✓ All clinics provide services in-person and via telehealth
- ✓ Other spoken language needs can be met as needed by contract with Language Line
- ✓ American Sign Language is available as needed at all sites
- ✓ Behavioral Health staff complete mandatory annual cultural competence training

Cultural Alternatives and Options

Staff at Behavioral Health Clinics have specialized training to assist with a wide variety concerns that impact recovery. Staff are sensitive to culture, gender, and sexual identity. We provide services in an open, caring, compassionate manner. Some staff are bilingual and/or bicultural. For more information about our programs, visit our website: <http://www.slocounty.ca.gov/Departments/Health-Agency/Behavioral-Health/Drug-Alcohol-Services.aspx>

Services may be delivered by an individual provider or by a team of providers working under the direction of a licensed practitioner operating within their scope of practice. Only licensed, registered, waived, or certified treatment providers are listed on this Provider Directory. Provider assignment decisions will be made by considering availability, specialization, recommendations, and requests. You may request a change of provider by using a Consumer Request Form, available in all of our clinic locations and on our website: slobehavioralhealth.org. Requests to work with a specific provider will be reviewed and authorized when possible.

The medication used in replacement therapy has a dual purpose – it not only blocks the effects of other opioids, but also relieves cravings and withdrawal symptoms. While the medication can cause physiological dependence, it helps prevent other dangerous long-term health problems caused by drug abuse.</p>
