All Facilities Letter (AFL): Non-Congregate Sheltering for California Healthcare Workers Program which provides hotel rooms to frontline healthcare workers who are exposed to or test positive for Coronavirus Disease 2019 (COVID-19)

This All Facilities Letter (AFL) notifies healthcare facilities of the Non-Congregate Sheltering for California Healthcare Workers Program, a program that provides hotel rooms to frontline healthcare workers who are exposed to or test positive for Coronavirus Disease 2019 (COVID-19). Healthcare facilities must certify to the California Governor's Office of Emergency Services (Cal OES) that they treat confirmed or suspected COVID-19 patients for their employees to be eligible. This AFL provides letter templates for facilities to submit to Cal OES. The entire AFL is available at the link below.
