Upcoming CDC COCA Call: What Clinicians Need to Know About Available Therapeutic Options for COVID-19

Therapeutics are key to reducing severe illness, hospitalizations, and death due to COVID-19 and clinicians are encouraged to stay up-to-date on available therapeutic options.

During this COCA Call, subject matter experts will present an overview of COVID-19 therapeutic options, including indications, efficacy, and distribution.

- **What:** CDC Clinician Outreach and Communication Activity (COCA) Call: What Clinicians Need to Know About Available Therapeutic Options for COVID-19
- **When:** June 16 at 11:00AM – 12:00PM PST
- **Presenters:**
 - [Dan Filardo, MD, Epidemic Intelligence Service Officer, Core Clinical Unit, Epidemiology Task Force, COVID-19 Response, CDC](#)
 - [Eric Daar, MD, Chief, Division of HIV Medicine, Harbor-UCLA Medical Center; Clinical Guidelines Team, National Institutes of Health](#)
