Upcoming Training — Assessment and Management of Tobacco Use Disorder: Strategies for Optimal Patient Outcomes

CenCal Health, County of Santa Barbara, and County of San Luis Obispo are collaborating to host a virtual training designed to equip you with skills to support your patients in successfully quitting nicotine on **Tuesday, September 24th from 12:00-1:00 p.m.**

Please **register** for the free training by visiting qrco.de/SFOPOVW

Training Highlights:

- **Advanced Evaluation Techniques:** Learn methods to accurately assess Tobacco Use Disorder and tailor interventions.
- **Best Practices for Patient Communication:** Discover effective communication strategies to engage and motivate patients in their quit journey.
- **Optimizing the use of Nicotine Replacement Therapy:** Gain insights into prescribing nicotine replacement options and utilizing additional resources to enhance patient support.

This training is intended for healthcare providers and office staff committed to expanding their knowledge and improving their approach to managing tobacco use disorder for their patients. Attendees may earn one CME credit for the training.

For additional trainings and resources like this, visit CenCal Health's Provider Training webpage: www.cencalhealth.org/providers/provider-training-resources.
