COVID-19 Vaccine Update: CDPH Hosts myCAvax Enrollment Training

The California Department of Public Health (CDPH) is hosting remote training sessions for providers interested in enrolling to administer COVID-19 vaccine.

This session is a step-by-step training of myCAvax account enrollment for anyone seeking to request and manage COVID-19 vaccines through CDPH. The one-hour session will consist of tips to successfully register Provider Organizations in myCAvax and complete both Section A (Organization) and Section B (Locations) applications. Please note: a Third-Party Administrator (TPA) contract is **not** required of CMA Providers to participate in the CA COVID-19 program through myCAvax.

Please select only one session to attend. The password for all sessions is **myCAvax2021!**

- **Monday, May 24, 1-2 p.m.** – myCAvax Provider 101 Training: Account Enrollment – [Click here to join session!](#) (Or visit: <http://bit.ly/may24-training>)
- **Wednesday, May 26, 10-11 a.m.** – myCAvax Provider 101 Training: Account Enrollment – [Click here to join session!](#) (Or visit: <http://bit.ly/may26-training>)

Additionally, CDPH and CMA are hosting a webinar for **pediatric care practitioners** interested in providing COVID-19 vaccines. Learn more and [register for the May 25 webinar for pediatric providers here](#). (Or visit: <http://bit.ly/may25-training>)

For additional questions about the trainings, please contact the CMA at vaccinenetwork@cmadocs.org.

For additional enrollment information

For an overview of the process to enroll to receive COVID-19 vaccine for eligible patients, please view the [enrollment webpage](#) and this pre-enrollment checklist, [Provider Enrollment: Before You Enroll](#). Questions? Email covidcallcenter@cdph.ca.gov or call (833) 502-1245.

For COVID-19 vaccine updates

For local updates on COVID-19 vaccine, we encourage patients and health care providers to regularly check www.RecoverSLO.org/Vaccine and sign up for email updates at www.EmergencySLO.org/Subscribe.
