

Requirements for Managing Project Waste

Requirements for Managing Project Waste

Under WASTE MANAGEMENT in your Construction Permit Application you must select either:

- a. use an Integrated Waste Management Authority (IWMA)-certified construction and demolition waste recycling facility. or
 - b. use other recycling and disposal facilities.
- Please select (a) or (b) on back of this form.

Your choice means:

- a. **Use an IWMA-certified construction and demolition waste recycling facility.** Check this if your construction and demolition waste is going to the following facilities.

Facility Name	Contact
C&D Recycling Facility at Cold Canyon Landfill	805-549-8332
C&D Recycling Facility at Chicago Grade Landfill	805-466-2985
North SLO County Recycling	805-434-0043
API (roll-off/debris box company)	805-928-8689
R&R (a roll-off/debris box company)	805-929-8000
Recycling Facility at the Paso Robles Landfill	805-238-2028
Santa Maria Transfer Station	805-922-9255
Bedford Enterprises/SMART	805-922-4977
Health Sanitation Service	805-922-2121

By using the above IWMA-certified recycling facilities for your construction and demolition (C&D) waste, you have met the requirement to recycle 75% of your waste. You can either hire a hauling company or haul your C&D waste yourself to these facilities. Call for rates and hours of operation.

- b. **Use other recycling and disposal facilities.** Check this if your C&D waste is NOT going to the C&D recycling facilities listed above. If you choose this option, before your building permit can be issued you need to fill out an extra form (“Detailed Recycling Plan and Disposal Report Form BLD-1017”.) that shows how you will recycle 75% of your C&D waste. The form is available from the Building Division (805-781-5628) or at <http://www.slocounty.ca.gov/planning/formslibrary.htm>.

Receipts. With both Option A or Option B, at the end of your project you must submit all the original receipts from any recycling and/or disposal facility that received waste from your project. (Be sure that the receipts from Cold Canyon Landfill, Chicago Grade Landfill, Paso Robles Landfill, and the Santa Maria Transfer Station indicate that you used the C&D recycling area.) Your receipts must be submitted and approved before you can receive the Final Building Inspector Approval. If you select Option B, before you receive the Final Inspector Approval you also need to fill out another part of the Detailed Recycling Plan that shows you recycled the required amount of project waste. Do NOT use a regularly scheduled garbage/recycling collection service because you will not have proper documentation for the amount of waste generated and where it went.

SLO Green Building Ordinance requires that you recycle 75% (by weight) of the waste your construction or demolition project generates. Waste includes anything you discard from the site, such as wood scraps, cardboard, drywall, flashing, paint or other finishing products, tools, concrete, asphalt, plastic bags, remnants of insulation, etc.

Requirements for Managing Project Waste

Before you receive a construction permit you must tell the County how you will handle the project's waste stream. As noted above, there is a place to do this on the Construction Permit Application, or on the other side of this paper, or on the form on the web. Failure to achieve the recycling goal could result in delays in receiving Final Inspection Approval and result in a Code Enforcement Case against your property. Code Enforcement Fees must be paid before receiving Final Approval.

Simplified Recycling Plan

WASTE MANAGEMENT: You need to review the Requirements for Managing Project Waste information on this form and then check the box that fits your project. You must check one of the boxes prior to permit issuance. Note: IWMA means Integrated Waste Management Authority

Are you planning to;

- A) use an IWMA-certified construction and demolition waste recycling facility? or
- B) use other recycling and disposal facilities?

If B is checked, you must fill out Sections 1 & 2 of "[Detailed Recycling Plan & Disposal Report Form BLD-1017](#)" and have it approved prior to the permit being issued. For a copy of the Detailed Recycling Plan form, use the web: <http://www.slocounty.ca.gov/planning/formslibrary.htm>. or contact Building Div. (805-781-5600). For more information and a list of certified facilities read the: "[Who is certified](#)" on this form.

Prior to a construction permit being issued, this form must be signed and faxed to 805-788-2414, or emailed to PL_building-recyclingreceipts@co.slo.ca.us or mailed to Recycling Attn: Rosana Esparza, Building Division, County Government Center, Room 200 Old County Courthouse, San Luis Obispo, CA 93408

LEGAL DECLARATION

____ I will communicate with all contractors, waste haulers, and anyone removing debris from the project site to ensure they are aware of this requirement and are taking the necessary steps to meet the compliance.

____ During Construction Activities, I will collect receipts, and other verifying documentation for any waste load leaving my project site.

____ I will call my chosen facility to verify the process for obtaining C&D recycling receipts before hauling any loads away from my project site.

____ Prior to leaving a facility, I will confirm that all receipts received from such facility includes date, facility name, description of materials, amount of material (unit of measurement lbs. or tons) on each receipt.

____ If I use a facility that is not IWMA-Certified (option B above) I will provide all receipts along with Form BLD-1017

____ I understand that the project's final inspection will not be scheduled if the CWMP condition has not been met.

I, the owner of record of this property, or authorized agent, have accurately completed this form and declare that all statements herein are true. I acknowledge the responsibility for recycling my project's waste and the penalty for non-compliance. I agree to comply with the requirements of the State Green Code and SLO County's Green Ordinance

Property owner/Agent Name: _____ Permit: _____

Property owner/Agent signature _____ Date _____

Seven days prior to Final Inspection you must submit receipts from all of the recycling and landfill facilities that received waste from your project.
