**WEEKLY REPORT OF ENVIRONMENTAL DOCUMENTS AVAILABLE FOR REVIEW (“Courtesy Notice”)**

The purpose of the environmental review process is to provide information about the environmental effects of the actions and decisions made by the County, so that these considerations become a part of the decision-making process. The following is a summary of the most recent determinations made by the County’s Environmental Coordinator; these weekly Courtesy Notices can be viewed online at [slocounty.ca.gov/CourtesyNotice](http://slocounty.ca.gov/CourtesyNotice). The purpose of this listing is to notify the public of pending actions, which may affect the environment of San Luis Obispo County. You are invited to participate in this process by reviewing and providing comments on the recommendations of the Environmental Coordinator. Your comments should be addressed to the Environmental Coordinator (address at end of document). For more information about the environmental review process, please visit: [slocounty.ca.gov/EnvironmentalReview](http://slocounty.ca.gov/EnvironmentalReview)

**Proposed Negative Declarations**

A Negative Declaration is issued for projects that would not result in significant effects on the environment. In many cases, the project applicant has added mitigation measures to the project to reduce environmental impacts in order to qualify for a Negative Declaration. If you disagree with the issuance of a proposed Negative Declaration, you may provide comments or file a Request for Review (appeal) of the Negative Declaration. Requests for Review must be filed within two weeks of the date that the proposed Negative Declaration is posted and must address only environmental issues. There is a fee for the request. If you would like more information about this process, please contact the Environmental Coordinator.

**A Notice of Determination for the following proposed project:**

The California Department of Fish and Wildlife (CDFW) has executed Amendment No. 2 to Streambed Alteration Agreement number 1600-2018-0278-R4, issued to the County of San Luis Obispo Flood Control and Water Conservation District. The Project includes activities related to the construction of flood control walls, the raising of the existing levees, and the placement of large woody log structures along portions of Arroyo Grande Creek and Old Los Berros Creek for the purpose of increasing capacity to a 10-year flood protection. Amendment No. 2 to the Agreement, as amended, includes changes to allow work beyond October 31, 2020 each year upon written approval from CDFW. Written comments must be received by 5:00 p.m. on the last day of the review period and should be addressed to: Heather Rodriguez, CA Department of Fish and Wildlife, [Heather.Rodriguez@wildlife.ca.gov](mailto:Heather.Rodriguez@wildlife.ca.gov), 1234 east Shaw Avenue, Fresno, CA 93710
