Honorable John Peschong Chair, Board of Supervisors San Luis Obispo County Flood Control and Water Conservation District 1050 Monterey Street San Luis Obispo, CA 93408

Subject: Water Resources Advisory Committee 2022 Annual Report

Honorable Supervisor Peschong:

Attached is the 2022 Water Resources Advisory Committee Annual Report. It summarizes the highlights of our meeting activities. The presentations and action items often evoke diverse, lively dialog among those in attendance.

WRAC continues to serve as the advisory body for water resources for the District Board of Supervisors, with the broad view of promoting water resilience through regional cooperation. Each WRAC meeting provides an opportunity to hear updates from staff, share successes and concerns with each other, and learn about best practices and innovative programs from experts throughout the county and the state. WRAC members and public stakeholders on our mailing lists receive monthly updates on rainfall, reservoir levels, drought status, basin management activities, funding opportunities and more. Meetings in 2022 were held virtually in January and March, and in person starting in May. Regardless of the format, between 35 and 45 members and public participants attended each meeting. To continue allowing for broad access to meetings, we have continued to provide an option for virtual participation, though voting members must be in-person.

Highlights from 2022 include our multiple presentations and discussions about drought conditions and response in San Luis Obispo. Multiple industry professionals updated the committee on the latest systems used to maximize water efficiency and reuse in SLO County. Other highlights were multiple Master Water Report Presentations and providing public forum/comment opportunity for relevant water-related County initiatives and projects.

WRAC is a valuable forum for purveyors, organizations, community members, and others to stay informed about water resources, District staff projects & programs, and more. We added

Purpose of the Committee

To advise the County Board of Supervisors concerning all policy decisions relating to the water resources of the SLO County Flood Control & Water Conservation District. To recommend to the Board specific water resource programs.

To recommend methods of financing water resource programs.

WRAC By-Laws dated September 1, 2020
