RECORD OF SURVEY CHECK SHEET

First Check _____ Checking Fee \$ _____ RS _____
 Recheck _____ Recording Fee \$ _____ Date _____
 Surveyor/Engineer _____ Checked by: _____ Survey requested by: _____

Circle indicates deficiency (O); Check indicates no deficiency (✓)
 _____ Map appears to create a subdivision of land; Subdivision or Parcel map required

BACK-UP DATA:

- _____ 3 Check prints
- _____ Methods and Reasoning Statement
- _____ Maps used to prepare survey
- _____ Deeds used to prepare survey
- _____ Traverse calculations
- _____ Other: _____

MAP TITLE:

- _____ Name of City, if applicable. 8764*
- _____ Name of County, California. 8764*
- _____ "RECORD OF SURVEY" 8764*
- _____ Description of land surveyed. 8764*
- _____ Sheet number. **

CERTIFICATES:

- _____ Recorder's Statement. 8764.5
- _____ Surveyor's Statement, signed and sealed. 8764.5
- _____ County Surveyor's Statement. 8764.5
- _____ Subdivision Map Act Compliance, if applicable. 8762.5

SURVEYOR'S NOTES:

- _____ Basis of bearings; map or record, celestial observations, or State Plane Coordinates. 8764*
- _____ Found monuments and symbol.
(Recommend solid) 8764*
- _____ Set monuments and symbol.
(Recommend open) 8764*
- _____ Symbols and non-standard abbreviations defined. **
- _____ Reasons for mandatory filing. 8764*

MEASURED DATA:

- _____ Map loop closures 1:5000 or better. 8766
- _____ All bearings shown. 8766
- _____ All distances shown. 8766
- _____ All overall bearings shown. 8766
- _____ All overall distances shown. 8766
- _____ Sum of parts equals total distance or delta. 8766
- _____ Prorations and other adjustments correct. 8766
- _____ All curve data shown (Delta, Radius, Arc length). 8766
- _____ All radial bearings shown where required. **
- _____ Non-tangent curves noted. **
- _____ All areas shown. **

MAP BODY:

- _____ Map material: tracing cloth or polyester based film; black ink. 8763
- _____ Ink on polyester based film fixed. 8763
- _____ Map size: 18" x 26". 8763
- _____ Margin: 1" all around. 8763
- _____ Legibility of map data. 8763
- _____ Map orientation. **
- _____ North arrow. 8764*
- _____ Graphic scale by north arrow. 8764*
- _____ Relationship to adjacent tracts or other maps of record when contiguous. 8764*
- _____ Ties to adjacent lines of record. **
- _____ Street names and widths shown. 8764*
- _____ Reference for all found monuments and acceptance of non-record monuments. 8764*
- _____ Reference to deeds or other official records if necessary for the establishment of lines or points. 8764*
- _____ Record data shown when beneficial to the Interpretation of lines or points. **
 - _____ Bearings _____ Distances
 - _____ Curve Data _____ Other
- _____ Detail required for clarity. **
- _____ Arrows needed to clarify dimensions. **
- _____ Monuments tagged. 8772
- _____ Durable monuments. 8771
- _____ Cal-coord control diagram. 8771.5
- _____ Other: _____

SURVEY PROCEDURES:

- (Items subject to "note of County Surveyor's opinion")
- _____ Sectional breakdowns correct.
 - _____ Deed interpretations correct.
 - _____ Survey based upon proper control.
 - _____ Methods of establishment of lines or points shown.
 - _____ Other: _____
- * Substantial Compliance
 ** If determined necessary by the engineer or Surveyor filing the map.

REMARKS: _____

To the Surveyor/Engineer:

Pursuant to Section 8767 of the Land Surveyor's Act, the subject map should be corrected as indicated on the above checklist and/or check print and returned to this office with the corrected (original) (prints).
