

ATTACHMENT D

DESCRIPTIONS OF WIOA YOUTH PROGRAM ELEMENTS

Program Element 1 – *Tutoring, Study Skills Training, Instruction, and Dropout Prevention Services*

Tutoring, study skills training and instruction that lead to a high school diploma or its equivalent, including a recognized certificate of attendance or similar document for individuals with disabilities, are reported under program element 1. These services focus on providing academic support, helping a youth identify areas of academic concern, assisting with overcoming learning obstacles, and providing tools and resources to develop learning strategies. Local Areas may provide tutoring, study skills training, and instruction in a one-one and group setting, through resources and workshops.

Program element 1 also includes secondary school dropout prevention strategies that keep a youth in school and engaged in formal learning or training. These activities include, but are not limited to, tutoring, literacy development, active learning experiences, after-school opportunities, and individualized instruction (TEGL 21-16).

Program Element 2 – *Alternative Secondary School Services or Dropout Recovery Services*

Alternative secondary school services that assist youth who have struggled in traditional secondary school education, are reported under program element 2. These services include, but are not limited to, basic education skills training, individualized academic instruction, and English as a Second Language training. Program element 2 also includes dropout recovery services aimed at getting youth who have dropped out of secondary education back into a secondary school or alternative secondary school/high school equivalency program (TEGL 21-16). Examples of these services include credit recovery, counseling, and educational plan development. While there is some overlap with dropout prevention strategies (program element 1), the activities within both program elements are provided with the goal of helping youth re-engage and persist in education that leads to the completion of a recognized high school equivalent.

Program Element 3 – *Paid and Unpaid Work Experience*

Paid and unpaid work experiences must include academic and occupational education (provided either concurrently or sequentially) and may include the following:

- Summer employment opportunities and other employment opportunities available throughout the school year. Local Areas may, but do not have to, provide summer employment opportunities. Local Areas have the flexibility to decide

ATTACHMENT G

which work experiences are provided as long as the Local Area spends at least 20 percent of their WIOA youth formula allocation on work experience (Title 20 CFR Section 681.620).

- Pre-apprenticeship programs. Pre-apprenticeship is a program designed to prepare individuals to enter and succeed in an apprenticeship program. Pre-apprenticeship programs include the following elements:
 - Training and curriculum that aligns with the skill needs of employers in the economy of the state or region involved.
 - Access to educational and career counseling and other supportive services, directly or indirectly.
 - Hands-on, meaningful learning activities that are connected to education and training activities.
 - Opportunities to attain at least one industry-recognized credential.
 - A partnership with one or more registered apprenticeship programs that assists in placing individuals who complete the pre-apprenticeship program in a registered apprenticeship program (Title 20 CFR Section 681.480).
- Internships and job shadowing. Job shadowing is a temporary, unpaid exposure to the workplace in an occupational area of interest to the participant and may last anywhere from a few hours to a week or more (TEGL 21-16).
- On-the-job training (OJT) opportunities. OJT means training by an employer that is provided to a paid participant while engaged in a job that meets the following criteria:
 - Provides knowledge or skills essential to the full and adequate performance of the job.
 - Is made available through a program that provides reimbursement to the employer of up to 50 percent of the wage rate of the participant or up to 75 percent in circumstance of extraordinary costs of providing the training and additional supervision related to the training.
 - Is limited in duration to the occupation for which the participant is being trained, taking into account the content of the training, the prior work experience of the participant, and the service strategy of the participant as appropriate (WIOA Section 3[44]).

Program Element 4 – Occupational Skills Training

Occupational skills training is an organized program of study that provides specific vocational skills that lead to proficiency in performing actual tasks and technical functions required by certain occupation fields at entry, intermediate, or advanced levels. Local Areas must give priority consideration to training programs that lead to recognized postsecondary credentials that align with in-demand industry sectors or occupations in the Local Area.

ATTACHMENT G

Occupational skills training must meet the following criteria:

- Be outcome-oriented and focused on an occupational goal specified in the individual service strategy.
- Be of sufficient duration to impart the skills needed to meet the occupational goal.
- Lead to the attainment of a recognized postsecondary credential.
- Meet the quality standards in WIOA Section 123.

(Title 20 CFR Section 681.540)

Program Element 5 – *Education Offered Concurrently with Workforce Preparation and Training for a Specific Occupation*

This program element reflects an integrated education and training model. Additionally, it describes that workforce preparation activities, basic academic skills, and hands-on occupational skills training are to be taught within the same time frame and connected to training in a specific occupation, occupational cluster, or career pathway. While programs developing basic academic skills, which are included as part of alternative secondary school services and dropout recovery services, workforce preparation activities that occur as part of a work experience, and occupational skills training can all occur separately and at different times (and are counted under separate program elements), this program element refers to the concurrent delivery of these services which make up an integrated education and training model (TEGL 21-16)

Program Element 6 – *Leadership Development Opportunities*

This program element encourages responsibility, confidence, employability, self-determination, and other positive social behaviors. Positive social behaviors include the following:

- Exposure to postsecondary educational possibilities.
- Community and service-learning projects.
- Peer-centered activities, including peer mentoring and tutoring.
- Organizational and team work training.
- Training in decision-making such as determining priorities and problem solving.
- Citizenship training, including life skills training such as parenting and work behavior training.
- Civic engagement activities which promote quality of life in a community.
- Other leadership activities that place youth in a leadership role such as serving on the Standing Youth Committee.

(Title 20 CFR Section 681.520)

ATTACHMENT G

Program Element 7 – *Supportive Services*

Supportive services are services that enable an individual to participate in WIOA activities. Supportive services include, but are not limited to, the following:

- Linkages to community services.
- Assistance with transportation.
- Assistance with child care and dependent care.
- Assistance with housing.
- Needs-related payments.
- Assistance with educational testing.
- Reasonable accommodations for youth with disabilities.
- Legal aid services.
- Referrals to health care.
- Assistance with work attire and work-related tools including eyeglasses and protective eye gear.
- Assistance with books, fees, school supplies, and other necessary items for student enrolled in postsecondary education classes.
- Payments and fees for employment and training-related application, tests, and certifications.

(Title 20 CFR Section 681.570)

Program Element 8 – *Adult Mentoring*

Adult mentoring must last at least 12 months and may take place both during the program and following the youth's exit from the program. Local Areas may use group mentoring and electronic mentoring, but at a minimum, the youth program must match the youth with an individual mentor with whom the youth interacts on a face-to-face basis. Case managers may serve as adult mentors in areas where adult mentors are sparse, however, Local Areas are strongly encouraged to find adult mentors who are not case managers (TEGL 21-16).

Program Element 9 – *Follow-up Services*

Follow-up services for youth may include supportive services, adult mentoring, financial literacy education, services that provide labor market and employment information about in-demand industry sectors, and activities that help youth prepare for and transition to postsecondary education and training. When Local Areas provide these program elements as follow-up services, they must occur after the exit date in order to count as follow-up services. Additionally, Local Areas should document in the case file that the program elements were provided as follow-up services post exit (TEGL 21-16).

ATTACHMENT G

Program Element 10 – *Comprehensive Guidance and Counseling*

This program element provides individualized counseling to participants and may include drug and alcohol abuse counseling, mental health counseling, and referral to partner programs. Local Areas and youth service providers may directly provide counseling. When a Local Area or youth service provider refers a youth for counseling services that they are unable to provide, the Local Area or service provider must coordinate with the referred counseling organization to ensure continuity of service (TEGL 21-16)

Program Element 11 – *Financial Literacy Education*

Financial literacy education includes information and activities such as creating budgets, setting up checking and saving accounts, managing spending, understanding credit reports, and protecting against identity theft. Local Areas may find the Financial Literacy Education Commission's guide, "Incorporating Financial Capability with Youth Employment Programs", a useful resource on how to partner with financial institutions (TEGL 21-16).

Program Element 12 – *Entrepreneurial Skills Training*

This program element helps youth develop the skills associated with starting and operating a small business. Such skills may include the ability to take initiative, creatively seek out and identify business opportunities, develop budgets and forecast resource needs, understand various options for acquiring capital and the trade-offs associated with each option, and communicate effectively and market oneself and one's ideas. Approaches to teaching youth entrepreneurial skills may include the following:

- Entrepreneurship education that provides an introduction to the values and basics of starting and running a business, such as developing a business plan and simulations of business start-up and operation.
- Enterprise development which provides supports and services that incubate and help youth develop their own businesses, such as helping youth access small loans or grants and providing more individualized attention to the development of viable business ideas.
- Experiential programs that provide youth with experience in the day-to-day operation of a business.

(Title 20 CFR Section 681.560)

Program Element 13 – *Services that Provide Labor Market and Employment Information*

ATTACHMENT G

These services provide labor market and employment information about in-demand industry sectors or occupations available in the Local Area. Services may include career awareness, career counseling, and career exploration. Career counseling provides advice and support in making decisions about what career path to take and may include providing information about resume preparation, interview skills, potential opportunities for job shadowing, and the long-term benefits of postsecondary education and training. In addition to connecting youth to self-service labor market information (LMI) tools, youth providers should share and discuss state and local LMI with youth participants (TEGL 21-16).

Program Element 14 – *Postsecondary Preparation and Transition Activities*

This program element prepares IS youth and OS youth for postsecondary education after attaining a high school diploma or its recognized equivalent. Activities include exploring postsecondary education options such as registered apprenticeships, technical training schools, community colleges and four-year colleges and universities. Additional services may include, but are not limited to, the following:

- Preparing youth for the SAT/ACT
- Assisting with college admission applications
- Searching and applying for scholarships and grants
- Filling out financial aid applications
- Connecting youth to postsecondary programs

(Title 20 CFR Section 681.460)
